Kids wearing a Lifejacket will each get a lollipop at the Fuel Dock.

And of course, we have treats for our four legged friends as well.

Little Boat...Big Fun

Dinghies are great fun. If you have a dinghy at the marina please make sure to maintain it properly. They should be bailed out or pumped out when needed. The standing water is a breeding ground for mosquitoes and not pleasant to look at. Also, dinghies are not allowed to be placed on the dock or fingers. If you have a dinghy on the side or end of a finger, please promptly remove it. You should only have your dock box and a water hose on the dock. Your cooperation in this matter will make docking safer. *Thank you.*
